All students are required to attain the 12 to 18 credits through MOOCs during entire course of BTech program.

(b) MOOCS implementation framework

1) As refer in Point No. 4 of AICTE GO. No.AICTE/P&AP/SWAYAM/2016 dated 17th August 2016, on 1st June, and 1st November every year, the list of the online learning courses going to be offered in the every forthcoming Semesters. Accordingly, the concerned HOD can select MOOCs courses through departmental BOS. Also, the department will notify and upload the required information for Swayam courses registration on department and university web portal for vide circulation among the students.

2) In the course structure of B.Tech, there are provision to introduce Swayam portal/MOOCs courses to substitute the following category of the courses:-

8) The evaluation scheme for virtual lab will be same as existing scheme of practical courses.

(c) If Student may fail to clear the registered online MOOCs courses, the following procedure will adopt:

1) Regarding the students who failed in MOOC courses, the carry over system will be adopted in which the failed student will have to appear in theory Exam (Online/Offline as per the situation). The question paper will consist of 50 MCQs (following the model of MOOCs) and maximum marks will be 75 (equal to the Maximum Marks of MOOC Theory Paper). The marks from MOOCs Assignment (maximum 25) will be taken as it is and the result will be declared by adding both theory exams and assignment marks of same syllabus.

2) The students who scored passing marks/grade or above as per MOOCs guidelines will be treated to be "PASS". The students having scored less than passing marks/grade will be treated as "FAIL" in the MOOC courses and they will have to re-appear in Exam under Carry Over system as mentioned in point no. c(1) of this clause.

3) Regarding those who could not register for the MOOCs, elective subject will be assigned by the department and their exam will be conducted (Theory Paper of 75 Marks and Sessional of 25 Marks) along with the regular examination. Title of the elective subjects and Syllabus will be exactly same as the MOOC courses and examination pattern will be exactly same as mentioned in point no. c(1) of this clause.

4) In case of Carry Over/Not registered, the final grade will be one less than the awarded grade. For example, if a student has got 72 marks in University system of examination, then his/her grade will be B+. Then, his/her final grade will be one less than the awarded one , i.e. B. with ceiling to D grade (i.e. if he/she gets D grades, then, his/her grade will no longer be reduced to F). This will be applicable to both students who failed in the MOOCs or could not register.

5) Regarding equivalence of MOOCs marks with our grade system, the marks from MOOCs will be taken as it is and will be awarded as per our grade system. For example, if a student gets 65 marks in MOOCs, then, as per University grade system he/she will be awarded grade 'B'.

6) Depending on whether our core subject is of 4 credits (only theory) or 5 credits (theory with lab), the one credit or two credits shall be awarded by the concerned department after taking assignment and Lab works.

(d) Credit considerations for Swachh Bharat Abhiyaan

If any student participates in national government sponsored Swachchh Bharat Internship program of two months and achieves certificate on successful completion of it, he/she may get 2-credit relaxation in Audit course requirement.

6.1.5.5 Minor Degree Courses (MDC)

a) For holistic development of the students and as per NEP-2020, the students may earn additional 18-20 credits through the "**Minor Degree Courses** (MDC)" offered by different departments of the University from Semester IV to VII. The Minors offered by different departments will be the state-of-the-art courses that make the student competent in his/her discipline to meet the additional global challenges. If Department Minor (DM) includes theory-based courses only, and he/she is not able to complete the required credit, then the student will be required to complete Research Project in Semester VIII.

b) The choice of MDC will be optional in the sense that if the student does not opt for MDC, he/she can complete his/her B.Tech. program with a minimum of 160 credits. However, if a student opts for the additional 18-20 credits (other than the minimum 160 credits) through "Minor Degree Courses", he/she will get B.Tech Degree with Minor in …. (name of the Minor course). In the proposed credit structure, a student will have the flexibility to choose an inter or intra departmental minor courses in totality by paying prescribed fees as per University norms, and these extra 18-20 credits can be earned during the entire period of B.Tech. program. The student can also exit the MDC in between MDC program, in that case, he/she will be given a Detailed Mark sheet certificate (DMC) of the Minor degree course (MDC).

6.1.6 GRADING SYSTEM AND ASSESSMENT PROCEDURE

6.1.7   CARRY OVEREXAMINATION
Carry over of failed courses:
(a) Students with F grade in any course due to detainment in examination (attendance is less than 75% aggregate and less than 75% in the course) and the students who punished with UFM will be required to register for carryover examination (Major Examination) in the course and carry the sessional marks in UFM case as it is.

(b) Students with F grade in any course (other than above in 6.1.7a) will be required to register for carry over examination in the course. The carry over Major examination can be conducted during the end of odd/even semesters.

(c) Students with F grade in any course due to continuous evaluation (less than 40%) (other than above in 6.1.7a, b) will be required to appear in remedial/make-up classes (to be eligible for appearing in the carry over examination) for thirty days arranged by the respective department and he/she will appear only those subjects in sessional (Test-1/Test-2) carry-over examination.

(d) The grade obtained in the carryover examination will be lowered by one grade in that course but not below the D-grade, i.e., if a student obtains B^+ grade in the carry over course the grade will be lowered to B for award. But if a student gets grade C or D only in carryover subject will be awarded D grade.

6.1.8   EVALUATION OF PERFORMANCE

The performance of a student will be evaluated in terms of two indices, viz. the Semester Grade Point Average (SGPA) which is the Grade Point Average for a semester, and Cumulative Grade Point Average (CGPA) which is the Grade Point Average for all the completed semesters at any point in time considered cumulatively.

Points Secured in the Semester = $\sum$ (Course Credits× Grade Point) for courses in which A^+ to D grade has been obtained

Total Credits Registered in the Semester Excluding ECA/Audit Courses= $\sum$ (Course credits) for courses in which A^+ to D grade has been obtained

$$SGPA = \frac{\text{Points secured in the semester in all passed courses } (A^+\text{to D Grade})}{\text{Total Credits registered in the semester excluding ECA/Audit courses}}$$

The CGPA is calculated on the basis of all pass grades, except ECA/Audit courses and courses in which S or Z grade is awarded/secured in all completed semesters.

Cumulative Points securedin All Passed Courses= $\sum$ (Course Credits × Grade Point) for courses in which A^+ to D grade is obtained

Cumulative Total Credits Excluding ECA/Audit Courses= $\sum$ (Course credits) for courses in which $A^+$to D grade is obtained

$$CGPA = \frac{\text{Cumulative Points secured in all passed courses } (A^+ \text{ to D Grade})}{\text{Cumulative total credits excluding ECA/Audit courses}}$$

An example of these calculations is given below.

$$= 7.105$$

$$CGPA = \frac{\text{Cumulative Points secured in all passed courses (}A^+ \text{ to D Grade)}}{\text{Cumulative total credits, excluding ECA/Audit courses}} = \frac{135}{19}$$

$$CGPA^* = \frac{\text{Cumulative Points secured in all passed courses (A}^+ \text{ to D Grade)}}{\text{Cumulative total credits, excluding ECA/Audit courses}} = \frac{135 + 154}{19 + 23}$$
$$= 6.881$$

Semester performance: Tentative SGPA* =6.695

Cumulative performance: Tentative CGPA*= 6.881

When a student gets the grade 'F' in any course during a semester, the SGPA and the CGPA from that semester onwards will be tentatively calculated [SGPA* and CGPA*] **taking only 'zero point' for each such 'F' grade. After the 'F' grade(s) has/have been substituted by better grades during subsequent semester, the SGPA and the CGPA of all the semesters, starting from the earliest semester in which the 'F' grade has been updated, will be recomputed and recorded to take this change of grade into account.**

 If the student (as mentioned in above example) registers the failed course in the Carry over and clears it with "B" grade, its grade sheet will be :
