कुल-गीत

महामना की सुयश शोभा, तकनीकि की यह तपस्थली।
योग-स्थली गुरु गोरक्ष की, बुद्ध की निर्वाण स्थली।।

दृश्य अनुपम् राप्ती का, मिलती गले रोहिन वलय।
ज्ञान मार्गी संत कबिरा की, कृति हुयी मनोहर मधुमय।।

ज्ञान और विज्ञान का, मंदिर मनोरम शुभ्र पावन।
शोध के जिज्ञासु करते, सरस्वती का चरण वंदन।।

मानवता का मंदिर मनोहर, आलोक मय दिव्य सुन्दर।
गूंजता परिसर हमारा, सकल विद्या का शंख स्वर।।

नवीनता की खोज में, संलग्न यह विद्या सदन।
सुज्ञान के इस कल्पतरु का, करते हैं हम शत-शत नमन।।

“पूर्णतया रैगिंग प्रतिबन्धित परिसर”

From Vice- Chancellor's Desk

Madan Mohan Malaviya University of Technology (MMMUT), Gorakhpur has grown to become National flagship, research-led university of UP State Government, known for the excellence of its teaching, research, and service to local, national and international communities. MMMUT has been strategically built (2013) on the legacy of success presented by Madan Mohan Malaviya Engineering College Gorakhpur (established in 1962 by Government of U.P.) towards providing cutting edge learning experience, internationally benchmarked education, intellectual freedom and critical research opportunities in frontier areas of contemporary concern. Banking on our experience, we have single-mindedly committed ourselves to innovatively design course curricula vetted by industry experts, who possess practical know-how, and applied with complete dedication to achieve academic excellence.

Our Vision is to make MMM University of Technology a name to reckon with in the academic fraternity by giving a strong impetus to creating an environment of knowledge application and holistically inspiring students to become eminent leaders of tomorrow. We are prepared to accept new challenges and make our University a world-class educational centre of knowledge generation, acquisition and dissemination that will benefit society, and to educate and train manpower to work in the fields where they will be valued both

for their specialized knowledge and for their ability to do research, communicate and solve problems for the benefit and welfare of the society.

To meet these challenges, University has good academic, research & development and residential infrastructure, well equipped modern laboratories and classrooms, campus wide internet and Wi-Fi facilities. University has the alliances and collaborative partnerships for student/faculty exchange, summer interns, joint research, etc. with business, government, and other research institutions/Universities of India and abroad.

This University has more than 3900 students of whom 3050 are undergraduate students in six B. Tech. programmes i.e. Civil Engineering, Electrical Engineering, Mechanical Engineering, Electronics & Communication Engineering, Computer Science & Engineering, and Chemical Engineering (with specialization in sugar technology) along with M.B.A., M.C.A and MSc. Physics. From academic Session 2019-20, B. Tech. (IT), BBA and MSc. Math are going to start. University is running M. Tech. in 12 disciplines and full/part-time Ph.D. programmes in number of disciplines as part of Quality Improvement Programme of MHRD, University fellowships and TEQIP-III project.

On behalf of University, I welcome and thank you for choosing MMMUT Gorakhpur as your higher education for beginning and shaping your professional career starting from academic session 2019-20. I wish to assure the parents and students that this University is not only to make technocrats and managers but also professionals with human values who make note worthy contributions to the society and our nation.

*Five percent of intake will be supernumerary (extra) seats.

III. MASTER OF TECHNOLOGY (M.Tech.)

- (a) **General :** The University offers full time M.Tech. programs in Civil Engineering, Electrical Engineering, Computer Science and Engineering, Electronics and Communication Engineering and Mechanical Engineering Departments. The duration of the program is 2 years of 4 semesters. The first two semester of program will be devoted for completing the course work and other requirements of the degree, while the third and fourth semester are devoted mainly for thesis work and the students will be required to submit a dissertation in partial fulfillment of the requirement for the award of master's degree as per prevailing Ordinance.

(b) **Number of Seats** : The details of seats available for this course are given below:

Name of Department	P.G. Course	Seats
Civil Engineering	* Environmental Engg.	23
	* Structural Engg.	23
	* Hill Area Development Engg.	22
	* Seismic Design & Earthquake Engg.	22
Computer Science & Engineering	* Computer Science & Engg.	23
	* Information Technology	22
Electrical Engineering	* Power Electronics & Drives	23
	* Control & Instrumentation	22
Electronics & Communication Engineering	* Digital Systems	23
	* Communication Engineering	22
Mechanical Engineering	* Computer Integrated Manufacturing	23
	* Energy Technology & Management	22

The distribution of seats for different categories is as per Govt./University norms.

(c) **Admission Procedure** : Admission to M.Tech. program is made through Malaviya Entrance Test of the University from the candidates possessing prescribed eligibility qualifications.

(b) **Scholarship/Stipend:**

- ♥ A scholarship of Rs. 12400/- per month will be granted only to the candidates admitted on the basis of the “GATE” examination by MHRD, Govt. of India.
- ♥ The continuation of scholarship will depend upon the satisfactory progress of the student as well as on submission of undertaking and acceptance of the conditions as specified by Govt. of India, Ministry of Human Resource Development (Department of Higher Education), New Delhi from time to time.
- ♥ Students getting GATE scholarship are given academic work/teaching load of up to eight to ten hours/week.
- ♥ Any scholarship holder leaving the course within the prescribed period of course shall be required to refund the amount of scholarship drawn by him/her.
- ♥ If a student is directed to discontinue his/her studies by the authorities of the University for the reasons of gross negligence, irregular attendance, misconduct, using unfair means in the examination, involvement in RAGGING or any other act of indiscipline/mischief shall be liable to refund the entire amount of the scholarship /stipend.

IV. MASTER OF COMPUTER APPLICATIONS (M.C.A.)

- (a) **General** : A 3 three-year program of total 6 semesters leading to M.C.A degree is being offered from the session 1987-88. The admission is open to candidates of both sexes without discrimination of caste, creed and color. The minimum qualification required for admission to M.C.A. program is a recognized Bachelor’s degree of minimum three years duration from any University of India as defined by UGC with mathematics at 10+2 level and obtained minimum 50% marks (45% in case of candidates belonging to SC/ST category) in the qualifying examination without grace.
- (b) **Admission Policy** : The admission to MCA first year is open to candidates under existing University rules through Malaviya Entrance Test conducted by the University.
- (c) **Eligibility and Requirements for Admission** : The minimum requirement for the admission to the 1st yr of the 3-year MCA course shall be as per the University norms.
- (d) **Number of seats** : The total intake is 75. The distribution of seats for the different categories is as per Govt./University norms.

V. MASTER OF BUSINESS ADMINISTRATION (M.B.A.)

- (a) **General** : A 2 year program of total 4 semesters leading to M.B.A. degree is being offered from the session 2001-2002 in the University. The specializations available as dual degree under MBA program are Marketing, HR, finance, and IT.

- (b) **Admission Policy** : The admission to MBA first year is open to candidates under existing University rules through Malaviya Entrance Test conducted by the University.
- (c) **Eligibility and Requirements for Admission** : The minimum requirement for the admission to the 1st yr of the 2-year MBA course shall be as per the University norms.
- (d) **Number of seats** : The total intake is 75. The distribution of seats for the different categories is as per Govt./University norms.

VI. MASTER OF SCIENCE IN PHYSICS WITH SPECIALIZATION IN ELECTRONICS

- (a) **General** : A 2-year program of total 4 semesters leading to M. Sc. in Physics with specialization in electronics is being offered from the session 2018-2019 by the Applied Science Department in the University.
- (b) **Admission Policy** : The admission to M. Sc. Physics course first year is open to candidates under existing University rules through Malaviya Entrance Test (MET) conducted by the University.
- (c) **Eligibility and Requirements for Admission** : The minimum requirement for the admission to the 1st yr. of the 2-year M. Sc. Physics course shall be as per the University norms.
- (d) **Number of seats** : The total intake is 38. The distribution of seats for the different categories is as per Govt./University norms.

VII. MASTER OF SCIENCE IN MATHEMATICS WITH SPECIALIZATION IN SCIENTIFIC COMPUTING

- (a) **General** : A 2-year program of total 4 semesters leading to M. Sc. in Mathematics with specialization in scientific computing is being offered from the session 2019-2020 by the Applied Science Department in the University.
- (b) **Admission Policy** : The admission to M. Sc. Mathematics course first year is open to candidates under existing University rules through Malaviya Entrance Test (MET) conducted by the University.
- (c) **Eligibility and Requirements for Admission** : The minimum requirement for the admission to the 1st yr. of the 2-year M.Sc. Mathematics course shall be as per the University norms.
- (d) **Number of seats** : The total intake is 37. The distribution of seats for the different categories is as per Govt./University norms.

VIII. BACHELOR OF BUSINESS ADMINISTRATION (B.B.A.)

- (a) **General** : A 3 year program of total 6 semesters leading to B.B.A degree is being offered from the session 2019-2020 in the University.
- (b) **Admission Policy** : The admission to BBA first year is open to candidates under existing University rules through Malaviya Entrance Test conducted by the University.
- (c) **Eligibility and Requirements for Admission** : The minimum requirement for the admission to the 1st yr. of the 3-year BBA course shall be as per the University norms.
- (d) **Number of seats** : The total intake is 75. The distribution of seats for the different categories is as per Govt./University norms.

IX. DOCTORAL & RESEARCH PROGRAM

The teachers and research scholars of various departments in the University and outside are registered as per ordinance. The University is also a QIP Center for Doctoral Programs in CE, ME, EE & EC. In fact, it is the first among State Engineering Institutions and 24th in the country including IISc, IITs, NITs and a few universities where the sponsored faculty members from all over the country can join and pursue their Ph.D. courses in the above-mentioned branches on deputation, under quality improvement program of Govt. of India.

- (a) **Procedure for Admission** : Admission to Ph.D./Programs shall be made through Malaviya Entrance Test of the University.
- (b) **Fellowship / Stipend** : Fellowship/Stipend shall be provided as per University norms/criteria prescribed by the sponsoring authority.

X. CANCELLATION OF ADMISSION

The University reserves the right to cancel at any stage the admission of a candidate if he/she has been found disqualified in accordance with the rules and regulations enforced at the time of admission or if the candidate has been found to **furnish wrong information at any stage or MISCONDUCT or involvement in RAGGING.**

Academic Departments of the University

× DEPARTMENT OF CIVIL ENGINEERING

The Department of Civil Engineering Department was established in 1962. It is one of the oldest departments of the University. The department has, over the years, established its status as a centre for imparting high quality technical education to the undergraduate and post-graduate students and extending consultancy services to various industries and government departments located in the Eastern U.P. The department had been accredited by NBA for a period of three years from July, 2016, which has been extended further upto June, 2022.

In addition to the undergraduate course of B. Tech. (Civil Engineering), the department offers four regular P. G. courses viz. M. Tech. (Civil) in Hill Area Development Engineering, M. Tech. (Civil) in Environmental Engineering, M. Tech. (Civil) in Structural Engineering and M. Tech. (Civil) in Earthquake Engineering and Seismic Design. The facilities for doctoral research are also available in the department on full time as well as part time basis.

The department has experienced and highly qualified faculty members. The department capitalizes on its well qualified and dedicated faculty, who are striving for excellence. Further the strength of the department also lies in the strong linkages it has fostered with its alumni and various government/private organizations located in the region. The alumni of the department are well placed in various govt. / private organizations and are in close contact with the department.

The department has the potential to raise the standards of technical education to the global standards. Needless to mention, the University itself is located in an under developed region of U. P. which is both flood and drought prone and lacks in proper industrial development. The special needs of this under-developed region can be tackled by the department by virtue of the understanding of the local conditions.

Vision

To become a premier centre of learning and research in Civil Engineering for nurturing sustainable development by the year 2025.

Mission

1. To provide the quality education in the area of Civil Engineering to transform students into graduates with high professional values.
2. To share and disseminate expertise for use in the solution of problems faced by Civil Engineering industry and society.
3. To ensure the continuous improvement in the quality of life of people in the society.
4. To conduct need-based research projects giving priority to the needs of industry.

Laboratories

The department has well-equipped high quality Geotechnical Engineering Lab, Environmental Engineering Lab, Highway Engineering Lab, Hydraulics and Water Resources Engineering Lab, Survey Lab, Concrete and Structures Lab, Computational Lab and Mechanics of Structures Lab.

To facilitate high quality teaching- learning process the department has two well-equipped Seminar Halls, one Departmental Library and one Smart Class Room.

Departmental Activities

1. National Conference on 'Recent Advances in Traffic Engineering- 2018' organized by Department of Civil Engineering, SVNIT, Surat and Department of Civil Engineering, MMMUT, Gorakhpur at Surat during August 11-12, 2018.

2. A team of faculty members of SVNIT, Surat (under TEQIP-III) visited Civil Engineering Department from June 06-08, 2019 for twinning programme between Civil Engineering Department of MMMUT, Gorakhpur and SVNIT, Surat for academic and research interaction towards exchange of students and faculty, collaborative research, joint organization of seminars and conferences in future.
3. Three centrally funded Major Research Projects and two Minor Projects are running in the department.
4. There are several ongoing consultancy projects.

Faculty

The department has a sanctioned strength of 5 Professors, 8 Associate Professors and 14 Assistant Professors.

✘ DEPARTMENT OF COMPUTER SCIENCE AND ENGINEERING

The department of Computer Science and Engineering (CSE) was established in the year 1984. The department has over the years established its status as a center for imparting high quality technical education to the undergraduate and post-graduate students. This fact is being demonstrated by its alumni who are serving in various prestigious organizations in India and abroad. At present, department is offering following programmes:

- ♥ B. Tech (Computer Science & Engineering) accredited by **NBA**
- ♥ M. Tech (Computer Science & Engineering)
- ♥ Ph. D.

The CSE Department offers full time doctoral degree program covering many areas of computer science viz. artificial intelligence, algorithms, databases, software engineering, systems and networks, data visualization/imaging, security/privacy, embedded systems, and natural language processing. The department provides a unique educational opportunity to its students for achieving excellence both through rigorous course work and participation in cutting edge research. The Department of Computer Science is marching forward by following its three-fold goal of creating knowledge, disseminating knowledge and to provide service to community.

Vision

To become a leader of education, research and innovation in the area of Computer Science and Engineering and to produce under graduates who are globally recognized as innovative and well-prepared computing professionals.

Mission

- ♥ To create, share and disseminate knowledge through research and education in the theory and application of computing.
- ♥ To train the students in different aspects of computing discipline for enhancing, augmenting, and updating their technical skills
- ♥ To inculcate the spirit of analysis, teamwork, innovation and professionalism among the students

Laboratories

The department feels pride in its well-equipped and state-of-the-art laboratories with high computing power and latest technology for student work and intensive research. The department has the following laboratories.

- Windows/Unix Lab
- Mobile Computing Lab
- Design Lab

- PG & Research Lab
- Computing Lab-1
- Computing Lab-2
- Computing Lab-3
- Computing Lab-4
- SUN/SPARK Lab

Major Achievements in Session 2017-18

- ☛ One B.Tech Final Year project **agriConnect** mentored by Rohit Kumar Tiwari was selected in UP CST Engineering Project Grant Scheme.
- ☛ One MODROB project **Modernization of Windows & Unix Lab** under supervision of Prof. Rakesh Kumar was sanctioned by AICTE-New Delhi
- ☛ B.Tech Third Year students participated in ACM-ICPC under mentorship of Rohit Kumar Tiwari and secured 73rd Rank world-wide.
- ☛ B.Tech Final Year students were selected in multinational companies like TCS, NEC, Tech Mahindra etc.
- ☛ Many final year students qualified GATE- 2018.
- ☛ M.Tech students Rashi Srivastava under supervision of M. Hasan awarded best paper award in International Conference on Recent Innovations in Science and Engineering-2018
- ☛ B. Tech Second Year and Third Year students participated in e-Yantra, an event organized by IIT-Bombay and competed with students of other colleges.

Academic Collaboration/MoU with Other Institutions

- ☛ Department has MoU with Ms. Smart Health Zone Pvt. Ltd., which offers internship to students and students work on real-time problems.
- ☛ Department has MoU with Advance Tech India Pvt. Ltd. Chandigarh, which trains students on various latest Technologies.
- ☛ Faculties of Department actively collaborate with premier institutions like IITs, IIITs and NITs and help students to visit these institution as well as to work on projects.

Activities Organized

1. Short Term Course on **Advances in Computing Technology-2018** between March 12-18, 2018
2. One day workshop on **“Cloud Computing”** organized by CSE Department, MMMUT-Gorakhpur in collaboration with APTRON Solution, New Delhi on 04 November 2017.
3. One day workshop on **“A Foundation Program on Data Science using TIBCO Statistica”** organized by CSE Department, MMMUT-Gorakhpur in collaboration with Grid Analytics India Pvt. Ltd. New Delhi on 10 November 2017.
4. One day workshop on **“Cloud Computing using Salesforce”** organized by CSE Department, MMMUT-Gorakhpur on 20 January 2018.
5. One day workshop on **“Machine Learning”** organized by CSE Department, MMMUT-Gorakhpur in collaboration with TechieNest Pvt. Ltd. Jaipur on 27 March, 2018.

Extra-Curricular Activities

Department organizes various extra-curricular activities through different student societies, workshops, short term courses, training programs, industrial visits etc. on regular intervals.

- ☛ **Computer Engineering Society** : The Computer Engineering Society has been functioning since 1993

with the collective effort of a group of B.Tech students, with emphasis on development of overall personality of budding engineering graduates. CES organizes following events-

- I-Factor
- Chakravyuh
- SQL Manthan
- Codezam
- Codeninza
- Techquilla
- Googler of the Week
- Photo Blaze

✕ DEPARTMENT OF INFORMATION TECHNOLOGY AND COMPUTER APPLICATION (ITCA)

The Department of Information Technology and Computer Application (ITCA) was established in the year 2018 offering the following UG, PG and doctoral programs:

- B.Tech. (Information Technology)
- M.Tech. (Information Technology)
- M.C.A.
- Ph.D.

The M.C.A. and M.Tech. (IT) courses were started in 1987 and 2012 respectively and till session 2017-18, these courses were offered by CSE department. After start of ITCA department, M.C.A. and M.Tech. (IT) courses have become part of ITCA department. The department aims to achieve national and international recognition through the educational and research achievements of its students. The department has dedicated and highly motivated faculty members who make all effective efforts to prepare the students to be successful IT professionals making significant contribution to the development and growth of our nation. The department has a vast legacy of well-placed and highly reputed alumni working in India and abroad.

Vision

To become pioneer in the field of Information Technology and Computer Applications in the country by imparting quality education with excellent teaching-learning processes and research methodologies.

Laboratories

- Computing Lab - I
- Computing Lab - II
- Computing Lab - III
- Computing Lab - IV
- Computing Lab-V
- PG Lab-I
- PG Lab -II
- Sun Spare Lab

Departmental Activities

The department regularly organizes various events like expert talks of eminent persons from academia and industry, training programs of latest software to make the students to make the students with the latest trends of industries

The ITCA Department also promotes student activities with the help of student society named as Computer Society of Software Engineers (CSSE) with a tag line of "Spark to better initiative". The CSSE provides a platform to every student to exhibit his/her talent and help the students in nurturing and grooming their personality. Society provides ample opportunities to students to demonstrate and enhance their technical skills, inculcates the leadership quality in them and contributes to the holistic development of the students through their year-long formal events.

Faculty

The department has a sanctioned strength of 2 professors, 3 Associate Professors, 6 Assistant Professors.

✕ DEPARTMENT OF ELECTRICAL ENGINEERING

The Department of Electrical Engineering was established in 1962. The department has over the years established its reputation as an excellent center for imparting high quality technical education to B.Tech and consultancy to industries and Govt. departments located not only in the Eastern U.P. but outside also. The department has been accredited by NBA for a period of three years Since January 2017

The department offers two regular P. G. courses viz. M. Tech. in Power Electronics & Drive and M. Tech. in Control & Instrumentation. The department also offers a full time Ph.D. Program. A number of AICTE/UGC (MRP) projects are in progress.

Vision

To develop intellectual potentials with excellence in Electrical Engineering & Technology for global needs.

Mission

- ♥ Empowering students with state-of-art knowledge, technological skills & ethics.
- ♥ Provide research environment for sustainable technical growth in the area of power and energy.
- ♥ Providing effective solutions for industries through research and consultancy.
- ♥ Exposure to standard electrical safety measures and practices.
- ♥ Encourage new and non-conventional energy technology for sustainable development and environmental stewardship.

The department has the following well equipped laboratories :

- Electrical Machines lab
- Network lab
- Circuit lab
- Control Systems lab
- Computer lab
- Electrical Measurement & Instrumentation lab
- Microprocessor lab
- Power Electronics & Drives lab
- Power Systems, Protection & Switch Gear lab

Departmental Activities

1. **ELECTRA-2018** : The Electrical Engineering Department of Madan Mohan Malaviya University of Technology had celebrated its annual technical event Electra, a three-day extravaganza under the Electrical Engineers' Legation (EEL). Electra 2018 was held successfully on 25th, 26th and 27th of January which started with its grand Inaugural ceremony on 25th January.
2. A national conference on "Recent Advances in Electrical and Electronics Engineering" (RAEEE-2018) organized during 16th and 17th March 2018.
3. Various Experts Lectures were conducted by the eminent academicians from IITs and NITs.

✕ DEPARTMENT OF ELECTRONICS & COMMUNICATION ENGINEERING

The Department of Electronics & Communication Engineering was established in the year 1973 with an intake of 20 and has been gradually increased to 75 from the academic session 2000-2001 and 120 from the academic session 2015-2016. The Department has made remarkable progress in the last three decades as a result of firm determination and continuous efforts made by all the faculty members and staff of the department.

The Department offers full time M.Tech. in “Digital Systems” and “Communication Engineering” from the academic session 2003-2004 and 2012-2013 respectively with an intake of 18 in each. The Department also offers regular Ph.D. program through QIP & TEQIP/University schemes. To enhance the knowledge of students and fulfill the gap among the academia and industries, the Department has recently established the Center of Excellence (CoE) Lab by the Texas Instruments under the Texas Instruments University Program. The Department also has various professional societies for the overall personality development of the students such as IEEE student branch, IEEE Electronic Device Society (EDS) student chapter and Electronics & Communication Engineering Society (ECES)

Vision

To prepare the students with state-of-art for emerging technologies, trends and applications in the field of Electronics and Communication Engineering to cater the global needs.

Mission

- ♥ Educate a new generation of Engineers to meet the challenges of the future by providing them with a firm foundation of both the theory and practical of Electronics and Communication Engineering at undergraduate levels.
- ♥ Create, develop and disseminate new knowledge by top quality applied research in Electronics and Communication Engineering by interacting with government agencies and private industry.
- ♥ Promote a sense of leadership and service to the society.

The department has the following well-equipped laboratories :

- Microwave & Optical Fiber Lab.
- Communication Lab.
- CAD /DSP Lab.
- Electronics Engineering Lab.
- Electronics Measurement & Instrumentation Lab.
- PCB & Electronics Workshop Lab.
- Digital Electronics/Microprocessor Lab.
- VLSI & Research Lab.
- Center of Excellence (CoE) Lab.

Achievements of the Department

1. Achievements of Students in TI Activities

- Center of Excellence Texas Instruments (TI) Lab
- Developed TI sponsored Texas Instruments -Research Center in Analog Domain under Texas Instruments University India Program
- More than **2 Lakhs** Cash Prizes and Certificates won by UG and PG Students of ECE Deptt. in various TI Online Contest
- 5 Research Project sanctioned from NPIU
- Students of B.Tech (ECE), 4th year secured all India first Rank and 2nd Rank in online Test organized by Texas Instruments University Program India.
- Patent: 02 (Published): Dr R.K. Chauhan & 01 (Applied) : Dr Brijesh Kumar
- Faculty research paper published in UGC approved Journals in last 3 years: 60
- Ph.D. awarded: 02, submitted: 02

✕ DEPARTMENT OF MECHANICAL ENGINEERING

The Department of Mechanical Engineering, established in the year 1962, is imparting quality education to the students in the field of Mechanical Engineering through its undergraduate programme. Presently, the department is also running M.Tech. programmes in “Computer Integrated Manufacturing” since 2001 and “Energy Technology and Management” since 2013 as well as regular Ph.D. programme through entrance examination and under the TEQIP & QIP schemes.

The department has highly qualified faculty members and technical supporting staff. The department is well known for maintaining benchmark in technical education and research. Most of alumni of the department are occupying highest positions in Governments, Semi-Government and Private organizations in the country as well as abroad. The laboratories of the department are being updated on time to time so that they remain well equipped to cater to the Research and Development. The department has been recently equipped with fully automatic Flexible Manufacturing System in Advanced Machining Lab.

Vision

To become an Internationally Acclaimed Department of Higher Learning, Research, Innovation and Incubation in Mechanical Engineering by 2035.

Mission

1. To provide quality education to the students in order to make them globally competitive Mechanical Engineers.
2. To enhance the skills of students using modern engineering tools and experimental techniques to solve real life mechanical engineering problems.
3. To make them work in groups with high level of societal, environmental and professional ethics with the self-learning attitude.
4. To establish linkages with the Industries, R&D organizations and Educational institutions in India and abroad for excellence in teaching, research and innovation.

Laboratories

The department has the following well equipped Laboratories and Mechanical Workshop for enriching the

practical knowledge :

- Advanced Machining Lab
- Materials Science Lab
- Heat Transfer Lab
- IC Engines and Automobile Engineering Lab
- Refrigeration and Air Conditioning Lab
- Strength of Materials Lab
- Thermodynamics Lab
- Computer Lab
- Metrology lab
- Fluid Machines Lab
- Mechanical Measurements Lab
- Mechanical Workshop
- Theory of Machines Lab
- Engineering Mechanics Lab

Mechanical Workshop

The mechanical workshop is equipped with different machines and tools in various shops such as Carpentry shop, Foundry shop, Welding shop, Black smithy shop, Fitting shop, Sheet Metal shop and Machine shop. It is a central facility of the University. The various machines/equipment in the workshop are:

Centre lathe machine, Shaper machine, Slotter machine, Milling machine, Drilling machine, Surface grinding machine, Centre less grinding machine, Planar machine, Power press, Bending machine, Portable grinder, Power hammer, Electric Arc welding, Gas welding, Cupola furnace, Wood working lathe machine, etc.

Faculty

The department has following regular faculties :

S.N.	Name	Specialization	Designation	Qualification	Contact No.
1.	Prof. D.K. Singh	Production Engineering	Professor & Head	Ph.D.	876595331
2.	Prof. S.C. Jayswal	Production Engineering	Professor	Ph.D.	9235500569

13.	Shri Dheerendra Singh	Thermal Engineering	Assistant Professor	Ph.D. (Pursuing)	9235552352
14.	Dr. Laxmi Kant Yadav	Thermal Engineering	Assistant Professor	Ph.D.	8765783670

In addition to this department is presently having 6 contractual faculties.

Academic Collaboration/MoU with other Organization

- The Department has MoU with M/s Urja Gasifiers Pvt. Ltd, Gorakhpur for Internship and project work.
- MoU has been signed with ENEA, Italian National Agency for New Technologies Energy & Sustainable Economic Development for technical-scientific support in energy technologies.

Extra-Curricular Activities

- Student's team from Mechanical Engineering Department secured 5th position out of 126 teams and won 'BEST MARKETING SCOPE' award in National Level event ' ECOKART-2018' during the March 24-27, 2018 at Gautam Buddha University, Greater Noida.
- Team from Mechanical Engineering Department received first prize from Uttar Pradesh Chief Minister Sri. Yogi Adityanath for their project on Formula 1 car in the Science and Technology Exhibition organized in "Gorakhpur Mahotsav" during Jan 11-15, 2018.

Research and Development Activities

The faculties and students of the department have published more than 30 research papers in various Journals and Conferences during academic year 2017-2018. Invited talks of the experts from IITs, NITs and various Industries are the regular feature of Department to enhance the research capability of the Faculty. Several faculties of the department visited other institutes for delivering expert lecture. The department offers consultancy services to various industries and Government departments

DEPARTMENT OF CHEMICAL ENGINEERING

Department of Chemical Engineering with specialization in sugar technology was started in year 2016 with the annual intake of 60 students. In line of vision of University, Department is aimed to achieve international recognition through the educational and research and to provide professional service of our faculty, staff and students to the society. We are putting our efforts to provide students with an overall educational experience that prepares them to become successful professional chemical engineers capable of undertaking both life-long learning and further advance studies.

Programme

- B. Tech. Chemical Engineering
- Ph. D. Chemical Engineering

Vision

To become a leading Chemical Engineering Department in the country by imparting quality education with excellent research work.

Mission

- To provide high-quality education that will prepare the students for leading roles in their chosen careers and inculcate the skill of learning and innovation.
- To contribute to the sustainable development of the nation and to improve the quality of life through leadership, professionalism, education, research and public services.
- To work collaboratively with technical Institutes/ Universities/ Industries of National repute.

The department has following regular faculty:

- ☛ Relevance of Chemical Engineering in Academia and Industry on 15/10/2018
- ☛ Individual Capacity Building from 29/10/2018 to 02/11/2018
- ☛ Sustainable Technologies for Water Treatment on 08/03/2019
- ☛ Safety in Chemical Process Industries on 12/03/2019

Student Achievements

- ☛ Ms. Anju Tiwari student of B.Tech. Third Year Chemical Engineering received 'The Globalink Research Internship' of Canada for her research project on 'Enzymatic Treatment of Industrial Wastewater'. She will work at the University of Windsor, Canada under the guidance of Prof. Nihar Biwas and internship will start from May - 2019. She is first student of MMMUT who has received this prestigious fellowship.
- ☛ Ms. Anju Tiwari student of B. Tech. Third year selected for prestigious summer research internship fellowship from Indian Academy of Science.
- ☛ Mr. Maharshi Yadav, teaching cum research scholar received Best Poster award in Malaviya Research Conclave (MRC-2019) held on 24-26 February 2019 organized by MMMUT, Gorakhpur.
- ☛ Mr. Rishabh Tiwari, a student of Third year B. Tech. Chemical Engineering attend invited forum on 'United Nation Economic and Social Council (ECOSOC) Youth Forum at New York, USA on 8-9 April 2019'. He has received generous financial support from MalaviyaSeva Samiti, MalaviyaAlumini Association members Ms. Shobha Singh, Mr. Anurag Srivastava, Mr. Rohan Singh, Mr. Rajveer Singh (all from 1997 batch) and Mr. Deep Singh (2003 batch).
- ☛ Mr. Anuj Kumar Mishra, student of Third year B. Tech. Chemical Engineering selected for KIT-SIIC joint venture program of IIT Kanpur and SIDBI Innovation and Incubation Centre

✕ DEPARTMENT OF CHEMISTRY & ENVIRONMENTAL SCIENCE

Department of Chemistry & Environmental Science is the new emerging academic department of MMMUT, Gorakhpur. The department was established on June 22, 2019 and inaugurated by Goraksha Pithadish Param Puja Sri Yogi Adityanath Ji Maharaj, the Honorable Chief Minister of Uttar Pradesh under the visionary leadership of renowned academician and technocrat Professor Sri Niwas Singh, Hon'ble Vice Chancellor of Madan Mohan Malaviya University of Technology, Gorakhpur. The Department is committed to fostering a respectful workplace culture and strives to cultivate a safe, inclusive and fair environment where staff, faculty, researchers and students can thrive as they advance new chemical frontiers through research, innovation, collaboration and scholarship.

As the nascent upcoming department, the pivotal focus is to cater to the academic and research requirements of the budding engineers and basic science researchers. It's vision is to become a leading university department by conducting quality research in the area of Chemical Science and Environmental Science and offer solutions to the problems organic, inorganic, physical, industrial, analytical chemistry and also solving ecological, environmental problems under the guidance of highly qualified academic team. Apart from imparting quality education to various graduation courses, the department offers Ph. D. in Chemistry as well.

The Department of Chemistry & Environmental Science provides a unique focus for addressing some of today's most pressing environmental and chemical problems. Additional opportunities for joint research are available with our colleagues at the premier Indian Institute of Department of Chemistry, Indian Institute of Technology, New Delhi, as well as International Institute at the Korea Research Institute of Chemical Technology, South Korea. The department's research is supported by grants and contracts from government sources, with principal strengths in the areas of polymeric materials, artificial photosynthesis, molecular modeling and environmental analysis. The proposed vision and mission of the department is as under:

Vision

To foster excellence by nurturing scientific knowledge emerging out of experimentally proven facts and tools in intellectual areas of engineering, technology, and other core areas of Chemistry & Environmental Science.

Mission

- ♥ To generate human resource of excellent quality, with high professional competence and research in the core and allied areas of Chemistry & Environmental Science for the International and national needs.
- ♥ To set opening for Master and Doctoral level courses in the emerging field of Chemistry & Environmental Science.
- ♥ To develop very high scientific skills for future needs.
- ♥ To prepare students to face challenges the world over by imparting intensive training and research in Chemistry & Environmental Science that will help them to apply their core knowledge to related and applied fields.

Recently, as the constituent part of Applied Science Department, the department organized a **National Conference** on Recent Advances in Chemical Sciences, **March 29-30, 2019 MMMUT, Gorakhpur.**

Laboratories

The Department is equipped with well-developed laboratories;

- Artificial Photosynthesis Research Lab
- Chemistry lab
- Polymer Research Lab

Faculty

The department has 1 Associate Professor and 2 Assistant Professors :

S.N.	Name	Specialization	Designation	Qualification	Contact No.
1.	Dr. Rajesh Kumar Yadav	Artificial photosynthesis, Harnessing Solar Energy in the Synthesis of Chiral Chemicals, Synthesis of Light Harvesting Organic Molecules for Boosting Redox Biocatalysis	Associate Professor & Head	Ph.D.	8765783846
2.	Dr. P. P. Pande	Polymer and materials Chemistry, Green Chemistry	Assistant Professor	Ph.D.	9235500513
3.	Dr. Krishna Kumar	Polymer Chemistry, Wastewater Treatment, Drug Delivery Systems	Assistant Professor	Ph.D.	9235552356

✕ DEPARTMENT OF HUMANITIES & MANAGEMENT SCIENCE

Department of Humanities and Management Science was established on June 22, 2019. The department emerged out from 1962 established Applied Science Department and 2001 established Centre for Management Studies of MMMEC, Gorakhpur with a view to imparting teaching and promoting the implementation of practical aspects of Humanities and Management and to build a solid foundation as pivotal constituent of Management and Engineering education. As the nascent upcoming department Humanities and Management Science is committed to create and develop sound professional environment where the budding talents from the multidisciplinary academic and professional areas viz. engineering, management and humanities (including Economics, Psychology English and Foreign Languages Spanish, German, French etc.) can receive value added exposure of academic, managerial and socio-cultural knowledge and ensure multidimensional growth by cultivating deeply rooted ethical values. Highly educated academicians of the department are committed to foster excellence amongst Gen-Z denizens who may selflessly render their services to humanity as cosmopolitans. Humanities and Management Science focuses on management education more than just business education. The approach to pedagogy combines industrial projects, management games, fieldwork, case studies and instrumented feedback with a strong emphasis on concepts and theories. Corporate recruiters value our graduates for their intellectual abilities, their collaborative mind set, their individuality and their ability to handle the ground requirements. The HMS offers all major specializations which are in demand today. The Department also promotes teaching and research in new and emerging areas and encourages the academic interaction of the faculty and students at national and international level. For the students and faculty recently a Memorandum of Understanding MOU was signed with Wisconsin University, Green Bay, USA where both of them will avail exposure to the world class teaching learning experience. The proposed Vision and Mission of the department are as under:

Vision

To create and disseminate knowledge and tools in intellectual areas at the interfaces between areas of engineering, technology, management and other core areas of Social Science, Humanities, English and Foreign Languages and to develop very high technical, entrepreneurial, humanistic skills synchronized

with intra and interpersonal, socio-economic, techno-cultural, managerial skills to make them the best qualified future professionals.

Mission

- ♥ To develop professionals who are committed to their personal and professional endeavors and who have the vision, courage and dedication to initiate and manage change.
- ♥ To generate human resource of excellent quality, with high professional competence and research in the core and allied areas of Humanities, Business and Management for the local and global needs.
- ♥ To set opening for Bachelor, Master and Doctoral level courses in the emerging field of Humanities & Management Science.
- ♥ To develop very high scientific skills bundled with Interpersonal skills to make students the best qualified for future needs.
- ♥ To cultivate entrepreneurial skills amongst graduates, post-graduates and doctoral scholars so as to harness sustainable growth in the era of spearheading competitiveness.
- ♥ To prepare students to face challenges the world over by imparting intensive training in national and international Business Management in the specialized domains of Marketing, Finance, Information Technology, Human Resource Management, Economics, Psychology, English, German, French and Spanish that will help them to apply their core knowledge to related fields.

Apart from offering various subjects to Engineering courses of university, Department of Humanities and Management Science is offering the following UG, PG and doctoral programs:

- BBA
- MBA (Specializations in Marketing, Finance, Information Technology, Human Resource Management)
- Ph.D. (English & Economics)

Laboratories

The Department is equipped with well-developed laboratories;

- Computer Lab
- Language Lab-I
- Language Lab-2

Departmental activities during the academic session 2018-19

- ♥ Two Days Workshop on Academic-Industry Interface for Managerial Skills Development, January 17-18, 2019.
- ♥ TEQIP Sponsored Seven Days Short Term Course on Research Methodology & Statistics, October 24-30, 2018.
- ♥ Two Days Workshop on Data Analysis and Marketing Decisions for Business, October 05-06, 2018.
- ♥ Five Days Workshop on Business Analytics, October 11-15, 2018.

Facilities provided by the Department of Humanities and Management Science

- Computer lab with internet facility
- Departmental Library
- Smart Classroom
- Seminar Hall
- Conference Room

The department has currently 1 Professor, 1 Associate Professors and 10 Assistant Professors.

✘ DEPARTMENT OF MATHEMATICS AND SCIENTIFIC COMPUTING

Department of Mathematics and scientific computing came into existence on June 22, 2019. Earlier, the Department was constituent of Applied Science Department established in 1962. Department of Mathematics and scientific computing offers Mathematics in all branches of B. Tech., M. Tech., MCA and MBA. At present, Department of Mathematics and scientific computing, five teachers are teaching in B. Tech., M. Tech., MCA and MBA. Out of five faculty members, two are associate professors and remaining three teachers are assistant professors. There are six research scholars working under the supervision of faculty members of the Department. The teachers of the Department are involved in teaching as well as in research. Two DST-SERB sponsored research projects are running in the department. The faculty members of the department have published many research papers in National and International journals of repute. The proposed vision and mission of MSCD are as under:

Vision

To impart valuable and effective teaching and enhance research work in different new fields of Mathematics which have proper applications in Industries & scientific areas for the welfare and development of mankind and society.

Mission

- ♥ To create interest in researchers of different fields of Mathematics which are helpful in the development of industry & research institutes for the welfare and development of people and society.
- ♥ To give importance of study and research work in new areas of Mathematics so that it can be applied to overcome the difficulties of human beings regarding disease and other problems.
- ♥ To prepare researchers and to accept and face the challenges of different Countries by giving appropriate, valuable and effective training of Mathematics and its application in different fields for development of the society.
- ♥ To encourage effective researches of high quality for betterment of the society. Mathematical as well as scientific computing is also useful for any type of problems related to diseases and industry.

Faculty

The total sanctioned posts are ten in the department (1 professor, 3 associate professors and 6 assistant professors).

S.N.	Name	Specialization	Designation	Qualification	Contact No.

5.	Dr Ram Keval	Mathematical Modeling	Assistant Professor	Ph.D.	8765783679

The activities of the Department

- ❖ National Conference on **Recent Advances in Mathematics and Scientific Computing (RAMSC-19)** on 5–6 April, 2019
- ❖ The Department is going to start M. Sc. Classes in Mathematics and scientific computing in session 2019-20.
- ❖ The Department also planning on different activities in the current session 2019-2020.

✕ DEPARTMENT OF PHYSICS & MATERIAL SCIENCE

The Department of Physics and Material Science has been started in 2019, inaugurated by Shri Yogi Adityanath Ji Mahraj, Hon'ble Chief Minister of Uttar Pradesh. Earlier it was the constituent part of Department of Applied Sciences which was established in 1962. The objective of present department is to impart teaching and promoting the implementation of practical aspects related to the Physics and Material Science to build a solid foundation as part of the Engineering Education. Apart from this department is also dedicated for the promotion of science education in higher studies through the post graduate course in physics running in the department. The Department also promote teaching and research in new and emerging areas and encourages the academic interaction of the faculty members and students for research and development at national and international levels. Department has started M.Sc. in Physics with specialization in electronics from the session 2018-19. The Department has well equipped laboratories for under graduate, post graduate students and research scholars pursuing for their Ph.D. degree. Department is backed by well-educated, talented and dedicated faculty members to fulfill the objectives of the department. The proposed vision and mission of the department are as under:

Vision

To build a foundation and encourage the development of the department as center of excellence by igniting and promoting enthusiasm, interest and passion in the study of Physics for research and developments in higher education and technology.

Mission

- ❖ To provide high quality physics education and equipping students for higher education both in theoretical as well as in experimental physics.
- ❖ To provide students with state of art knowledge in physics to equip students so that they can apply the principles of physics to compete engineering professionals globally.
- ❖ To make the students to accept the challenges in physics and can effectively disseminate the physics knowledge to coming generations.
- ❖ To promote the highest ethical principles in the scientific research, critical thinking, openness to social, scientific, technological and educational changes
- ❖ To develop among students, sensitivity to contribute to the betterment of society through knowledge in physics.

Laboratories

The Department is equipped with well-developed laboratories;

- Physics Lab-I
- Physics Lab –II
- Electronic Circuit and Devices Lab
- Condensed Matter Physics Lab
- Spectroscopy and Laser Lab
- Amorphous Semiconductor Research Lab
- Computational Research Lab

Departmental activities during the session 2018-19

- ♥ TEQIP Sponsored short term course on “Research Methodology and Statistics during 24-30 October, 2018.
- ♥ TEQIP Sponsored two day National Conference on “Smart Materials, Devices and Sustainable Technologies” during 15-16 March-2019.
- ♥ TEQIP Sponsored two day National conference on “Recent Advances in Chemical Sciences” 29th-30th March-2019.
- ♥ A TEQIP Sponsored two day National conference on “Recent Advances in Mathematics and Scientific Computing” during 5-6 April, 2019.
- ♥ One Research Scholars have been awarded Ph.D. degree during 2018-19.
- ♥ Department have coordinated Induction program for newly admitted students (IPNS-18).
- ♥ Four books have been published from international publishers and one is in press.
- ♥ More than 24 research papers are published in the journals and conferences of national and international repute.

Faculty

The department has a sanctioned strength of 1 Professor, 2 Associate Professors and 5 Assistant Professors.

Central Facilities

I. INFORMATION TECHNOLOGY RESOURCES CENTRE (ITRC)

Information Technology Resource Center (ITRC) was established in 2005 under world bank programme (TEQIP-I) and is unique of its kind among all state engineering universities/colleges of U.P. The objective of the center is to provide the central computing resources under one roof to students, faculty and staff with a vision to support and strengthen the teaching-learning process and research. The local area network spread in almost entire campus is being managed from this center. It remains open for 24 hours and is equipped with advanced computer networking hardware and software tools. Having around 300 computers arranged in its different labs, it provides uninterrupted high speed internet connectivity to the entire campus with two leased line connections- 1 Gbps (1:1) NKN and 155 Mbps (1:1) BSNL leased lines

Facilities available at/through ITRC

- 210 no. of computers and 8 no. of high end servers (5 HP and 3 Blade)
- Power backup with 12 no. of 10 KVA UPS, one 5 KVA UPS and one 10 KVA generator
- Various design and training software tools for students and faculty members.
- Aryabhata Seminar Hall with state of art facilities of Virtual Class for effective learning
- Computing Lab 1 to 3 with 40 computer in each, Computing Lab 4 with 30 computer, 2 PG Lab with 60 computers & 30 computers respectively.
- Three general computing labs with 100 no. of computers for UG students.
- One research lab exclusively for Ph.D. students with 40 computers.
- Provides internet connectivity through OFC (of about 5 kms) to academic buildings, hostels and faculty/staff residences thus covering almost entire campus
- Provides internet connectivity through OFC (of about 5 kms) to academic buildings, hostels and faculty/staff residences thus covering almost entire campus.
- Provides additional Wi-Fi connectivity in all major university buildings and their surroundings.
- Provides connectivity to Biometric attendance devices installed in various departments and sections for online attendance.
- Manages the K-YAN and P.A. Systems installed in classrooms to support the effective teaching and learning.
- Manages Security system through CCTV Cameras installed at prime locations of the University.
- Manages computerized Gate Pass installed at university gate to further enhance the Security.
- Establishment of two new Virtual Classroom is under process under the supervision of ITRC.

II. CENTRAL LIBRARY

Central library has a wide collection of books and periodicals on scientific, technical and allied subjects. It operates on open access system and students are given free access to books and journals that are kept on open shelves. Total carpet area of library is 1779.426 sq. meter. It has a wide collection of Books, E-books, and E-journals. Total number of books including bound journals and ISI Code is 1, 16, 359 (One lakh sixteen thousand three hundred and fifty-nine).

Special Features

- Equipped with Wi-Fi facility and CCTV surveillance
- Automated issue and return of books
- Availability of OPAC (Online Public Access Catalogue)
- Air-conditioned Reading Room
- Air-Conditioned E-Library cum Reading Room

III. LECTURE HALL COMPLEX

There are 03 lecture complexes with well-equipped modern facilities;

- Puspagiri Lecture Hall complex having 13 Classrooms
- Takshila Lecture Hall complex having 07 Classrooms
- Nalanda Lecture complex having 06 Lecture Halls and 02 drawing halls.

Besides these there are departmental lecture classes equipped with modern facilities and seminar hall/ conference hall for different academic purposes.

IV. MULTIPURPOSE HALL (MPH)

The air-conditioned Multipurpose hall with the capacity of about 700 audience is used for various purposes like convocation, alumni meet, cultural fest and indoor games.

V. UNIVERSITY HEALTH CENTRE

The mission of the M. M. M. University of Technology, Health Centre is to provide students with quality primary health care and education about healthy lifestyles. This Health Centre provides a full range of primary care, treatment, and referral services, as well as related health education programs. All programs and services are aimed at maintaining the physical and emotional well-being of University students.

Also 02 Battery driven Auto-Rickshaws are available for the hostellers to commute them from the University Gate to their respective hostels

Important Cells of the University

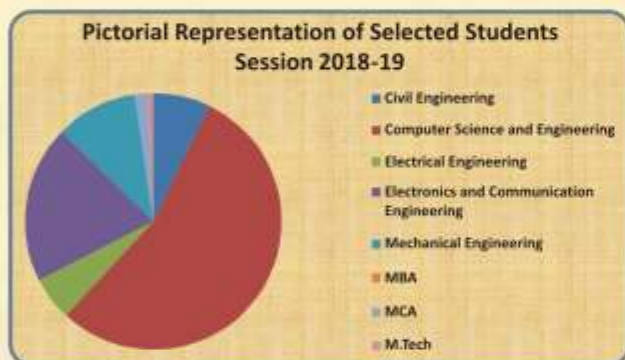

TRAINING AND PLACEMENT CELL

The basic function of Training & Placement Cell is to search opportunities for graduate and post-graduate students of the university in various reputed organizations and industries. The Training & Placement Cell is engaged throughout the year in interactions for building up relations among university and various reputed industries/organizations. The Cell works as a hub for the following services

- Training & Placement of Student.
- Student Counseling & Career Guidance

The Cell organizes the training and campus recruitment programs for the students of all disciplines practical training for the students is arranged by the cell in consultation with and on the basis of availability of seats in different industries/organization/ firms/ training Centres to make the students have strong practical knowledge and to provide them to know the applications of scientific principles industrial training is essential for students as per university norms.

The well-known industries/firms/ organizations/companies such as Tata Consultancy Services(TCS), L&T, Wipro Technologies Ltd., Adobe System Ltd., Amazon India, Snapdeal, Logikalinfotek, Software AG, Mahindra Comviva Technologies Ltd, Tech Mahindra, HCL Technologies, Idea Cellular Pvt. Ltd., Webkul Software Pvt Ltd., NIIT Technologies, ICICI Prudential Life Insurance, LAVA International Ltd., Technosys Services Ltd., Future General Life Insurance, Kribhco Shyam Fertilizers Ltd., Prism Cement Ltd., Juspay, Global Logic, SSP Packaging Industries Ltd., Airtel Payment Bank, Hero MotoCorp., NEC Technology

India, Indian Army and other MNCs have been visiting the University for offering placement to the students.

Almost all the eligible and interested students get selected through campus selection. The cell organizes personality development programs and Entrepreneurial development programs in order to inculcate the habit of learning, development of new skills, team spirit, perseverance, tolerance for disagreement in them, to make them self directed, self-motivated and responsible lifelong learners enrichment of vocabulary, pronunciation skills and extempore, participation in seminars, workshops, mock interviews and group discussion. The idea behind this is to cater to the needs of the companies that require students have such personalities who are award of the technological development and who are well equipped to face global challenges and have problem solving capabilities and can communicate across the cultures globally.

Hostel Facility and Regulations

(a) General Information

The University is a residential institution with Eleven Hostels named Subhash Bhawan, Raman Bhawan, Tagore Bhawan, Ambedkar Bhawan, Tilak Bhawan, Vishweswaraya Bhawan and Ramanujan Bhawan (exclusively for first year boys), Sarojini Bhawan (for 1st year girls), Saraswati Bhawan, Kalpana Ghawla Bhawan and Kasturba Bhawan (for other year girls). These hostels accommodate a total of about 1450 students. The hostels are well furnished with necessary amenities available on the campus.

Students admitted to the University hostels are provided with the necessary furniture. The students will be personally responsible for upkeep of the articles issued to them by the warden in sound condition till the end of the session.

First year students are provided with three/two-seater room as available. Senior students shall be provided with double and single seated rooms depending upon availability.

The hostels are under the direct supervision of the wardens who are teachers of the University and nominated by the Chief Warden/Vice-Chancellor.

The hostel messes are managed by the students themselves. They are required to deposit Rs. 12,000/- as mess advance at the starting of the session which will be adjusted in the mess bills at the end of the session every year in the Hostel. The mess secretary shall submit details of monthly accounts every month to the warden and report the dues, if any, in the same month to the concerned students as well as to the warden.

In case of any grievance or complaint, students may first contact their hostel caretaker and wardens who will solve the problems or report to appropriate authorities. In case of any emergency, one may contact Chief Warden as well, but not in group/mass.

The presence of student on the last day and the first day before and after the block holidays and vacations is compulsory. Every student should request his/her guests to co-operate in observing certain formalities at the main gate of the university, such as entry, vehicle number etc.

Students are advised not to indulge in forgery of signature of authorizes, which is cognizable offence. Any such act will be reported to the police.

GUIDELINES FOR SUMMER TERM

Each academic calendar will include odd & even semester along with a summer term (termed as **Summer Term-20XX**) for pursuing courses as per program from session 2017-18 onwards. For pursuing courses in summer term, it is mandatory to the students to get registered as per guidelines framed by university. **However, this facility is available to all UG/PG students who had registered in the courses in the regular (odd & even) semesters and could not clear any of the subjects. PG including the PhD students can also register the thesis units during the summer terms.**

Summer term shall be designed for 45 working days. For the lecture/lab courses, classes will be conducted on all working days as well as Sundays & holidays during summer term. There will be sufficient number of theory, tutorial and laboratory classes in summer term as prescribed in the Course syllabi of ordinance. For example; a subject having L-T-P as 3-1-2, will have at least 6-hrs lecture classes (it can be 1 hrs to 2 hrs) in a week with 4-hours practical classes. The process of evaluation will remain the same as followed in regular semesters, i.e. one mid-term and one major exam. Mid-term exam will be scheduled after 20-days of registration and major exams after 45 working days of semesters. The criteria for attendance will remain same as followed during regular semesters. For certain subjects of study in a Program, where the classes are not held, the process of evaluation will be through an end-term-examination. Students shall have to register during summer term on the advice of the respective Head of Department.

All students are required to register in each summer term for the subjects to be pursued by them as per the program, within a week after results of even semesters are declared. ***The sole responsibility for the registration in time for summer term will be of the student concerned only.*** In view of the short duration of the Summer Term, late registration shall not be permitted.

Registration Procedure : The Dean (UGSE/PGSRD) shall co-ordinate the registration process which will be assisted by the concerned Heads of Departments. The registration procedure shall involve:

- a) Filling of the registration form mentioning the courses to be credited in the summer term
- b) Payment of summer term fees and hostel/examination fees as fixed by the university

The students admitted to summer term shall have to fulfill all the requirements of registration after the results are declared (not later than one week) in consultation with their head of the departments. The students must deposit the registration form along with fees receipt to the office of Dean (UGSE/PGSRD) so that registration work finishes within one week of even semester results declarations.

Cancellation of Registration : Absence for a period of one or more weeks at a stretch in a subject during a summer term will not allow the student to appear in the minor/major exams of that subject.

Grade Calculation :

The grade points secured by the students in the summer term will be used in the computation of his/her CGPA. When a student repeats a course, the new grade will replace the earlier one in the calculation of the CGPA.

Other Relevant Information :

1. The student applying for summer term classes shall have to pay Rs. 12000/- per subject before submitting registration form.
2. Hostel Charges shall be Rs. 4000/- for summer term and mess charges will be paid as per their bill.
3. A student cannot registered for more than **three** subjects in a particular summer term.
4. A department will offer any subject only when 5-students have applied for it. However, this provision may be relaxed by hon'ble vice chancellor for final year UG students.

एक और प्रमुख नई पहल नीतिगत स्तर पर हुआ परिवर्तन है जिससे छात्रों को एक सेमेस्टर में शामिल होने के बाद कुछ शर्तों के तहत किसी भी समय प्रोग्राम बदलने की अनुमति दी जाती है। उदाहरण के लिए, एमटेक प्रोग्राम्स के छात्र न्यूनतम जीपीए 8.0 के साथ पाठ्यक्रमों के 12 क्रेडिट पूरा करने के बाद उस विभाग (या अन्य पात्र विभागों) में पीएचडी कार्यक्रमों में

स्थानांतरण के लिए आवेदन कर सकते हैं, सभी अर्जित क्रेडिट, अगर नए कार्यक्रम के लिए प्रासंगिक हैं तो स्थानांतरित किया जा सकता है ताकि स्थानांतरण करने वाले छात्रों का समय बर्बाद न हो।
