MALAVIYA INNOVATION CHALLENGE

MADAN MOHAN MALAVIYA UNIVERSITY OF TECHNOLOGY
GORAKHPUR- 273010

NOTICE

"Innovation is the unrelenting drive to break the status quo and develop anew where few have dared to go."

-Steve Jeffes

Innovation is the practical implementation of our thoughts and ideas that make us stand apart from the horde. It solves our daily problems and helps us think out of the box. The execution of ideas defines our beliefs and challenges our minds to achieve our goals.

To keep this fire of innovation burning, **MMMUT Gorakhpur-273010** is bringing you the **Malaviya Innovation Challenge, 2023**. Through this event, our University invites students from different institutions to participate and unveil their innovative ideas that could help resolve diverse problems in science and technology and have a progressive impact on society.

GUIDELINES

1. The event consists of **2 rounds**.
2. The preliminary round is the **Abstract Submission**. The last date for submission of abstract is **January 27, 2023**.
3. There will be a maximum of **3 members** in a team. (Individual participation is allowed.)
4. The scanned copy of the Registration form along with the signature of the respective HOD must be duly filled by Group Leader and should be uploaded in the Google Form.
5. The Registration Form must be properly inspected by the Institution.
6. The domain of the Abstract must be either from **Hardware, Software or both**.
7. The Abstract (up to 100 words) should be filled in the Google Form summarizing the complete idea behind the project to be presented.
8. **Eligibility Criteria:** Participants must be Second Year and onwards with respective branches of **CSE, IT, ECE, EE and ME** only.
9. **Participation Fees: ₹ 300 (per team)**.
10. Top performing teams will be selected for the final round which will be held in **MMMUT Gorakhpur-273010**.
11. The final round will comprise of presentation of the project proposed in the Abstract.
12. Winners of the final round will be awarded as per University Norms.

*(Preference will be given to the working Model in the Second Round).
