

About FME-2019

The conference offers a common platform to the researchers/academicians/industry personnel to share their novel research and developments with profound discussions on the recent advancements in the Mechanical, Production and Industrial engineering. It is aimed to explore the innovative and creative ideas through interactive sessions of the keynote speakers and the participants from the different parts of the country. It is also an effort to motivate the young researchers from the different domain of engineering to contribute in the technological development through their novel ideas.

Conference Themes

FME-2019 welcomes research papers on the following topics but not limited to:

- Emerging Structural Materials
- Computational Mechanics and Modelling
- Composite Structures
- Conventional and Non- Conventional Manufacturing
- CAD/CAM/CAE/CIM
- Thermal and Fluid Engineering
- Product Design & Development
- Industrial Engineering & Management
- Quality & Optimization Engineering

Paper Submission

Original/novel contributions are invited from the academicians, researchers, as well as practicing engineers associated with the Mechanical, Industrial and Production Engineering. Papers will be accepted for **FME-2019** after peer-review process with subsequent publication in the peer reviewed journal.

Authors are requested to use paper template available at the [link](#) and undertaking by the authors at [link](#). The full-length paper in MS Word should be send to the email fme.mmmut@gmail.com. All the registered paper accepted for presentation and publication will be included in the conference proceeding with ISBN number.

About MMMUT & Department of Mechanical Engineering

Madan Mohan Malaviya University of Technology Gorakhpur has been strategically built (2013) on the legacy of success presented by MMM Engineering College, Gorakhpur in providing quality education. University has more than 3900 students in six B. Tech programmes along with MBA, MCA, MSc Physics (specialization in electronics) in its campus similar to NIT system. University is also running M. Tech in 12 disciplines and full/part time PhD programme in various disciplines. Three more programmes B. Tech (IT&CA), BBA and M. Sc Mathematics (specialization in computing) are planned from academic year 2019-20.

The Department of Mechanical Engineering was established in the year 1962. Since then it has been well renowned in its regional province for offering the UG and PG programme to the highly motivated students. In order to accelerate the research activities in the department it also started PhD programme for the highly dedicated and committed students in different specialisations such as thermal, design and production.

About Gorakhpur

Gorakhpur derives its name from the great ascetic saint Gorakhnath. It is located along the banks of Rapti river in the eastern part of Uttar Pradesh. It is the head quarter of north-east railways and is well connected by rail and road to all important cities of India. The city is famous for its well-known Gorakhnath Temple and Gita Press.

Several historical, cultural and tourist sites lie in the vicinity of town. Kapilvastu, the home town of Lord Buddha, is about 90 km from here. The famous Buddhist site, Kushinagar, the nirvana sthal of Lord Buddha, lies at distance about 50 km. Maghar, the holy place of saint Kabir Das, is very near to Gorakhpur city.
