<u>Notice For: B. Tech Final Year Students (Session 2020-21)</u>

Proposals are invited for annual Award "RSRM Tripathi best project award" (a sum of Rs.40, 000/-) from the student of B. Tech Final Year (VII semester) Computer Science and Engineering department. The student in the project should not have any back paper till 6th semester of B. Tech program. All the interested team consisting of at most 4 students will send the proposal to the donor.

The proposal should include minimum of Four pages description of the project containing:

- How it relates to the modern trends in the industry?
- How the project is novel and unique?
- Why was the project chosen, how does it relate to the learnings?
- What strength each member provides to the project?
- Clarity and intent of the project
- High level design and flowcharts

Based on the submitted projects, the donor will select 4 projects to compete for the award. The final award will be based on the demonstration of the project and will be judged among the best Four shortlisted projects in the initial round by the constituted committee as per the MoU.

Time Lines:

1. Send Proposals for the project to the donor "smtripathi@gmail.com" with appropriate Title with reference to the RSRM Tripathi award till end of November-2020.
2. In the month of December-2020, the Four project teams will be shortlisted for the final round by the donor.
3. At the end of the 8th and final semester, the best implemented project to be evaluated by the committee.

The proposals can be from among the projects to be carried out during the final year curriculum under supervision of the faculty members during session 2020-21.
