About University

Madan Mohan Malaviya University of Technology, Gorakhpur has been established in year 2013 by Govt. of Uttar Pradesh as a non-affiliating teaching and research University after reconstituting erstwhile Madan Mohan Malaviya Engineering College Gorakhpur, which was established in 1962.

The University provides the pollution free environment immensely suited for holistic growth and the development of the students. The University is located on Deoria road about 9 Km away from Gorakhpur Railway Station. The University offers UG in Civil Engineering, Mechanical Engineering, Electrical Engineering, Computer Science & Engineering, Electronics & Communication Engineering and Chemical Engineering and PG in MCA, MBA and M. Tech in Civil, Mechanical, Electrical and Electronics & Communication Engineering. It is also a QIP center for the Ph.D. program in Civil, Electrical, Mechanical, Electronics and Communication Engineering departments.

ShortTerm Course on Strategies for Sustainable Development : Goals and Issues

(SSDG I 20 18)

(Sponsored by TEQIP- III)

19-25th Feb, 2018

Organized by

Civil Engineering Department

Madan Mohan Malaviya University of Technology
Gorakhpur-273010, (U.P.) INDIA

Established by U.P. Government Act no-22 of 2013
(Formerly Madan Mohan Malaviya Engineering College, Gorakhpur)

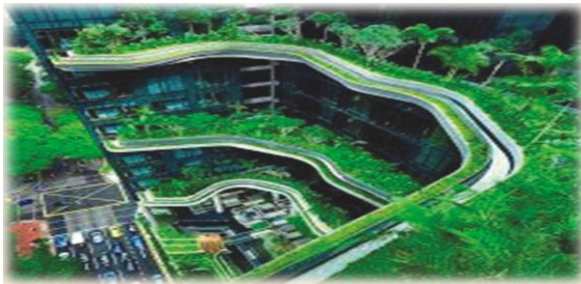

Website : <http://www.mmmut.ac.in>

About the Department

The Department of Civil Engineering, established in the year 1962, is imparting high quality technical education to the students in the field of Civil Engineering through its Undergraduate and Postgraduate Programme.

Department offers B. Tech course & M. Tech courses in 'Structural Engineering', 'Environmental Engineering', 'Seismic Design and Earthquake Engineering' and 'Hill Area Development Engineering'. The facility of doctoral research is also available in the department. Department has well equipped laboratories with experienced & highly qualified faculty members. The department has been continuously interacting with the various government and private organization in the form of consultancy works, expert advice and design projects.

The department has the potential to raise the standards of technical education to the desired level.

Objective of the Course

This course will provide means and methods used in the area of Civil Engineering to achieve sustainable development. The main objective of the course is to discuss and deliberate technical session on the present scenario in context of achieving the sustainable development as a whole.

Resource Person

The resource persons for the STC will be eminent speakers from IIT's / NIT's, other reputed institute, Institute itself, along with persons from the Industries.

How to Apply
