About the Programme

With increasing industrialization, the importance of vocational courses is increasing. Vocational courses mentor and train students in various skills required by the industry. Despite best intentions and efforts by the concerned institutions, employability of such professionals is a major concern. It is believed that employability is significantly affected by one's communication skills. Excellent communication skills lie at the core of employability.

It is with this background; the Department is holding a three days Induction Programme on 'Effective Communication Skills'. The target participants of the programme will be students belonging to polytechnic institutions, ITIs, 11th/12th class of intermediate colleges as well as undergraduate students in Science streams from in and around Gorakhpur. The proposed programme is aimed at enhancing communication abilities of the target group, create awareness, promote understanding and encourage participants to look more closely at the dynamics of communication. Specifically, the objectives of this programme would be to:

- Improve interpersonal skills;
- Improve presentation skills;
- Improve verbal/non-verbal communication;
- Simplify the art and science of communication; and
- Providing insight into various facets of communication at various levels.

About the University

Madan Mohan Malaviya University of Technology, Gorakhpur is a non-affiliating, teaching and research University established by the Government of Uttar Pradesh after reconstituting the erstwhile Madan Mohan Malaviya Engineering College, Gorakhpur which was established in 1962. Since its' humble beginning on December 1, 2013, the University has been steadily progressing. Presently, the University is offering B. Tech. programmes in Chemical Engineering, Civil Engineering, Computer Science & Engineering, Electrical Engineering, Electronics & Communication Engineering and Mechanical Engineering. The University also offers post graduate courses such as MBA, MCA, M. Tech. as well as Ph.D. programme in various disciplines of science and engineering.

About the Department

The Department of Applied Science was established in 1962 with a view to impart teaching and promoting the implementation of practical aspects of Applied Sciences and Humanities and to build a solid foundation as part of Engineering education. The Department is backed by qualified, talented and dedicated faculty members to fulfill its mandate. The Department offers Ph.D. program in Physics, Chemistry, Mathematics, and Humanities. The Department is equipped with developed laboratories such as Physics Lab, Chemistry Lab, Amorphous Semiconductors Research Lab, Language Lab, and Computational Research Lab.
